The Champion CGIT recently held their Mother and Daughter Banquet in the United Church basement. Thirty girls, mothers, and special guests enjoyed a lovely turkey supper, catered to by the U.C.W.

Guest speakers were Mrs. Ness and Mrs. Mary Salvage of Vulcan, both talks were very well presented and enjoyed by all.

Each mother was given a corsage of carnations, after the meal several toasts and their replies were given.

The most solemn part of the evening was the candle lighting ceremony in which both the mothers and daughters took part.

Mrs. Smith on behalf of all present, fittingly thanked the girls' leader, Mrs. Severton for the banquet.

U.C.W.

Since introduction of the U.C.W. in Champion, group No. 3 has met at the homes of Mrs. C. Rhodes, Mrs. A. Dunlop and Mrs. Alf Rupp. Nine ladies have joined the group and are charter members.

The devotionals have been taken by different ladies at each meeting and have proved sincere and helpful and have been enjoyed by all.

So far learning to crochet has been the chief recreational topic, quilted cushion covers are the next project to be learned. It is hoped that each member will be able to show the others how to do some useful and interesting craft.

The meetings are quite informal and new members would be most welcome, anyone interested is asked to contact Ada Vaage, Marion Rhodes or any other member. New members would be most welcome.

Weather

The weather pattern has shown little change in the past week remaining generally cloudy and cool with scattered showers throughout the district. Crops look good but hot, windy weather would cause rapid deterioration due to low moisture reserves. There has not been a general rain this spring.

Junior Pike Derby June 23

The executive of the Vulcan and District Fish & Game Association met Monday night to set Saturday, June 23, as the date of this year's Junior Pike Derby. This derby is open to boys and girls from the little gaffers up to those under sixteen and is held at Lake McGregor.

This year fishing begins just as early as the youngster can get out of bed and to the water's edge and the cut-off hour has been set back to 8:00 p.m. Weigh stations will be located at Lake McGregor Park, at the Lomond bridge and about a mile east of the Jack Kole farm.

In addition to the class prizes being offered there are two trophies for open competition, one for girls and one for boys.

Another campaign for crow and magpie legs is also under way by the association. Returns last year were most satisfactory and it is hoped the war on these feathered pests will go on between now and the cut-off date in October.

Fourteen members and two guests met at the home of Mrs. Martin Gottenberg, for the June meeting of the Thigh Hill WI. President, Mrs. Boyd McKay assisted by secretary-treasurer, Mrs. Elwood Myers conducted the meeting. Roll call was "How to stay Young" and proved interesting and entertaining.

72 Entries In Calf Show

The youngsters of the four Vulcan district 4-H Clubs come to town this Saturday for their big day of the year, the Calf Show and Sale where 72 head of stock will be judged through the morning at the arena.

The results of the winter feeding program will see the top animals from each club enter elimination for the coveted grand champion award.

The Show and Sale is not necessarily the end of the 1962 trail for the boys and girls. Based on results of elimination previously held at the Oldfield farm, and for their complete 4-H coverage of activities, care of animals, feeding records, attendance and their general results, opportunities await for a chance for a trip to Olds in August and the Toronto Royal Winter Fair later in the year. Annually 14 boys and girls go to the Royal; two go to the Bozeman, Montana State 4-H Congress and one entry can get to a similar event in Washington.

Pipe Band At Lions Barbecue

Members of the Vulcan Lions Club and their wives to the number of about 90 gathered at the O. M. Roe farm last Thursday evening for a "ladies night" in the form of an outdoor barbecue and get-together.

42 Aircraft Here

Flying Farmers Enjoy Vulcan Get-together

The second annual "fly-in" of the Alberta Flying Farmers at the Vulcan Airstrip, held on Sunday, June 10, saw members of the Vulcan Flying Club play hosts to about 150 flying farmers, wives and children as 42 aircraft—most of them four-place jobs—touched down at Vulcan for the day.

Breakfast was served at the Golf & Country Club from 8:00 to 11:00 a.m. and most of the visitors entered a special golf tournament which finished in time for supper served at the Lodge Hall at 3:30 p.m.

Golf tournament winners were: Men's 1st, Don Bergin, Vulcan Flying Club Trophy; ladies' 1st, Juanita Westersund, Cockshutt Trophy; men's 2nd, Jim Rooney, Jesse & Emelson Trophy; ladies' 2nd, Shirley Gross, M. R. Morrison Trophy; men's 3rd, Al Staples, Willard Equipment Trophy; ladies' 3rd, Sim Strang, Richardson & Gould Trophy. Consolation prizes went to Varno Westersund and Bob Southworth and Carol Nutting won the Central Garage Trophy for the most honest golfer when she turned in a score of 128.

Waterton Is Scene Annual Golfers' Outing

Thirty-three men of the Vulcan Golf and Country Club got out of harness Monday, boarded a Greyhound bus and headed for Waterton on their second annual one-day Golf Stag.

Contrary to what may be heard, they all took clubs along and blistered through 27 holes before the roll was called for the homeward trip.

First reports indicate the day was less strenuous than that suffered the previous year at Banff with no mountains to climb or rushing rivers to ford. The boys had the course to themselves and downtown they had no lunch room crowds to contend with.

Here at home, at last week's club executive meeting, grounds committee chairman Norm Pettie gave some revealing figures on water consumption on the course, by the recently purchased irrigation system. A close estimate of 2,240,000 gallons have been pumped on about 25 acres of fairway up to May 31, and another million has gone on since, giving an average coverage of just under 4 inches. It takes about three weeks to cover the nine holes and the results are beginning to be evident. The work crew though, are still looking for that solid three days of rain which will give them a rest and provide the real boost needed for the grass.

Grounds will be in best possible condition for the 24th of this month when the club plays host to visitors for the annual Vulcan Golf Tournament. In order to speed up the day, local golfers are asked to put in their qualifying rounds before that Sunday.

Once again this year the ladies are helping in the enjoyment of Sunday golf by providing breakfast and sandwich lunches at the clubhouse.

What it means to the Farmer

Ernie Patterson

—A two-price parity system for agriculture is proposed, to give the farmer every opportunity for expansion and modernization.

—Canadians will be supplied with purchasing power which will ensure the highest possible consumption of farm production, at a fair price to the farmer.

—Markets abroad for surplus farm production will be promoted through competitive pricing, acceptance of credit from foreign countries and mutual assistance programs to needy nations.

—Money for agricultural development will be available at low interest rates, and tax revisions will be designed to let the farmer take full advantage of the opportunities resulting from Canada's growing industrial production and expanding markets.

It is of the utmost importance that on June 18th we send to Ottawa a strong contingent of Social Credit members of Parliament.

It's Your Vote — Use It!

There's always some crank in every neighborhood who says voting is a waste of time. His theory goes something like this: "Why vote. Your single little vote can't possibly make any difference in the outcome of the election, and besides all politicians are crooked."

The world is full of people with silly ideas. They fail to give our democratic process the understanding it deserves. But don't let yourself get trapped into such false thinking. This nation depends upon clear thinking individuals who see the strength in our system, full of imperfections though it may be.

Government in a democracy such as Canada is made possible because our forefathers worked and fought for an opportunity to have a decision in the government which controlled his way of life. The Monarchists believed that their right to government was handed to them by birth and divine providence. Today we believe that the right to govern is handed to a government by the will of the majority, and those voters who are Christian believe that such a system is the will of God.

Democracy has a way of humbling the mighty rulers of the world. Democracy does not usually produce headstrong government for it is not only government by the consent of the majority but it is government that must continually live in an atmosphere of criticism and thus must continually justify its actions to those who are governed.

June 18, you will be a part of the jury which will decide whether John Diefenbaker and his Progressive Conservatives will be allowed another term of office. The sum total of citizens like you will decide the issue. You will in theory vote for or against the present government, even though more than two candidates may be courting your vote in your constituency.

On election day you have a responsibility as a citizen. That responsibility is a trust that has been handed down from one generation to another. Don't let your country or yourself down. Go to the polls on June 18th and let the politicians hear your ballot drop. No matter how faint the noise of your ballot may be on election day you are really one of Canada's rulers. Don't miss the opportunity of having your say.

EARLY ATTENTION TO WEEDS

Effective weed control calls for early spraying to kill weeds while they are still young and before they affect the growing crop. Weeds compete for moisture, plant food and light. When soil moisture reserves are low, spraying for weeds is especially important in order to make the most moisture available to crops.

Plan to spray early, using the type of chemical recommended.

ACTION! EXPORTS MEAN JOBS

World shipping has to queue up these days to load Canadian wheat, a result of the action policies of Prime Minister Diefenbaker's government. **These are facts:** / Aggressive export sales have made Canada top wheat seller in world markets (of which Canada now holds 35%). / Wheat surplus has been reduced 42%. / Cash advances available for farm-stored grain. / Unharvested grain assistance . . . drought relief . . . crop insurance . . . all introduced. Proof of great strides forward taken by the ACTION GOVERNMENT of Prime Minister Diefenbaker.
